**1. Respond to Amendment**

This action is responsive to the amendment filed on April 15, 2005. Claims 1-21 and 25-29 are amended. Claims 1-29 are pending. Claims 1-29 represent establishment of a deferred network communication session.

**2. EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Allan Lowe on July 5, 2005.

The application has been amended. Claims 1-21 and 25-29 are amended. The new claims are attached to this document.

**3. Pursuant to 37 C.F.R 1.109 and MPEP 1302.14, the following is an examiner's statement of reasons for allowance:**

The prior arts in record fail to teach upon the first user endpoint entity indicating that it wishes to communicate with a second user endpoint entity in the future, the service system generates and stores a session identifier for a future communication session, passes a copy of the session identifier over

the network to the first endpoint entity and stores the session identifier along with context data concerning the future communication session; when the first endpoint entity subsequently wishes to establish said future communication session, it passes back the session identifier to the service system; and the service system thereupon matches the received session identifier with the stored session identifier to retrieve said context data, and joins the first user endpoint entity into a communication session with and appropriate second user endpoint entity as identified using said context data as in claims 1-29. After an update search of class, subclass and cross-reference, examiner came to conclusion that the case is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
